

**POLK COUNTY
PUBLIC SCHOOLS**
CAREER ACADEMIES

November 28, 2018

To Whom It May Concern,

A decision from the School Board of Polk County has been made that students can apply for up to 3 Polk Career Academies. If you would like to apply for multiple academies for your student please reapply ranking your first, second, or third choice. The application deadline for Polk Career Academies is January 11th.

A student remaining in the same career academy for the 2019-2020 school year does not need to reapply. A student who wishes to attend an academy at their **In Zone** school should speak with their current Guidance Counselor.

The application process is a lottery system. If there are academies with available seats after January 11th then there will be a Spring application window (date to be announced). At which point, only those schools with open seats will be listed on the application.

Sincerely,

Steven Cochran
Senior Director (Acting)
